

Press Release

ENTSOG publishes supporting documents for the Ten-Year Network Development Plan 2018 (TYNDP 2018) project collection process.

(Brussels, 17 January 2018, PR0153-18) **ENTSOG published today its Documentation Kit to support project promoters in the process of submitting their projects for the Ten-Year Network Development Plan 2018 (TYNDP 2018), in line with Regulation (EC) 347/2013, Annex III.2 (4). Project submission represents the first step for the 4th selection of Projects of Common Interest (PCI).**

Project promoters should submit their projects for TYNDP 2018 during the ‘Project Submission Phase’ between **31 January and 28 February 2018**. Project promoters who have already submitted their projects for TYNDP 2017 are required to re-submit their projects and provide up-to-date data to allow their projects to be considered. Submission will be via an [online questionnaire](#) and access credentials can be checked in advance of the commencement date.

ENTSOG’s Documentation KIT (available [here](#)) includes the following documents:

- ‘ENTSOG Practical implementation document (PID) for developing the 10-year network development plan (TYNDP) 2018’
- ENTSOG Project Submission Handbook and its annexes
- ENTSOG Data Portal Glossary and Definitions
- Forms for Operator Creation, Point Creation and New Promotor
- Monitoring activities
- Validation rules

Webinars to assist promoters with project submission will be organised on **31 January and 12 February 2018**, from 10:00 to 12:00. Webex details are available [here](#).

Should you require any further information regarding the data collection, please contact:

Mr. Stefano Astorri (Stefano.Astorri@entsog.eu) or

Mr. Rares Mitache (Rares.Mitache@entsog.eu) (cc: sysdev.data@entsog.eu).

Editorial notes

- > ENTSOG was founded on 1 December 2009 in line with Regulation (EC) 715/2009. The current number of Members, Associated Partners and Observers can be found [at this link](#).
- > In line with Articles 6, 7 and 8 of the Regulation (EC) 715/2009, ENTSOG has the task of formulating network codes in a number of areas and of adopting various communications: a non-binding community-wide Ten-Year Network Development Plan on biennial basis; Winter and Summer Supply Outlooks; common network operation tools; recommendations relating to the coordination of technical cooperation between community and third-country-TSOs; annual work programmes and annual reports.
