

Speaking Notes

On 4th of April, Jan Ingwersen, ENTSOG General Manager, participated in a dinner-debate jointly hosted by ENTSO-E & ENTSOG. “Updating the Third Package for 2030: the ENTSOs as key delivery partner “ Jan addressed mainly the

Governance and Institutional Framework

(See below some of ENTSOG positions, expressed by him)

Find optimum between 3rd package framework, Clean Package-proposals and alternative solutions in Network-Code processes

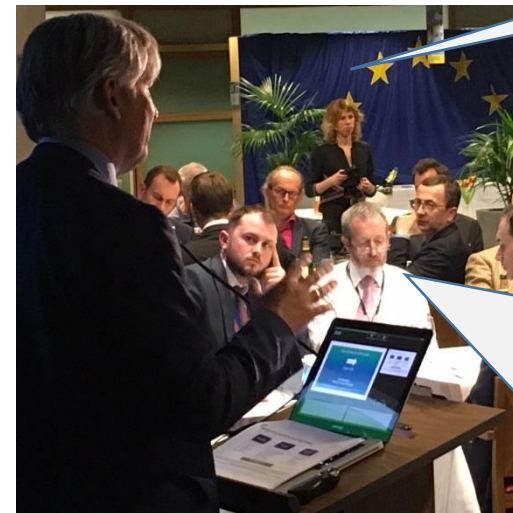

Recognise the full potential of existing gas networks in a decarbonisation agenda and the effective contribution to energy transport throughout Europe

Keep a balanced approach and clear responsibilities between EC, ACER, ENTSOG and stakeholders

Include a robust NC amendment process

Perceive gas and electricity interrelations as a joint challenge and explore the flexibility potential
