

## *Press Release*

### ***ENTSOG publishes list of projects to be included in TYNDP 2020***

(Brussels, 05 November, PR0193-19) **Today, ENTSOG publishes the draft list of projects and project information to be included in Annex A of the Ten-Year Network Development Plan 2020 (TYNDP 2020). All other annexes will be made available in the Draft TYNDP 2020 report, expected to be published in mid-2020.**

Inclusion in TYNDP 2020 represents the first step for gas infrastructure projects to be considered as a Project of Common Interest (PCI). The PCI selection process, separate from the TYNDP process, is the responsibility of the TEN-E Regional Groups led by the European Commission.

For TYNDP 2020, ENTSOG updated its project selection criteria to allow for the submission of Energy Transition Projects (ETR - definition is available in the TYNDP 2020 [‘ENTSOG Practical implementation document’](#)).

The published draft list of projects is available on the ENTSOG website [here](#), and its associated Glossary is available [here](#).

There are 185 projects included in TYNDP 2020, of which 109 are transmission projects (TRA), 22 Liquefied Natural Gas terminal projects (LNG), 13 Underground Gas Storages (UGS) and 41 Energy Transition projects (ETR).

ENTSOG has commenced work on the system and gaps assessment in advance of the publication of the Draft TYNDP 2020. This will be followed by the Project Specific Cost Benefit Analysis (PS-CBA) on the identified project groups.

Should you require any further information on the TYNDP projects, please contact:

Mr. Stefano Astorri ([Stefano.Astorri@entsog.eu](mailto:Stefano.Astorri@entsog.eu)), Mr. Rares Mitache ([Rares.Mitache@entsog.eu](mailto:Rares.Mitache@entsog.eu)) and Ms. Maria Castro ([Maria.Castro@entsog.eu](mailto:Maria.Castro@entsog.eu)).
