

# **EU-wide Network Codes**

14<sup>th</sup> Transparency Workshop, Break-out session 'Ask about the Network Codes'

Irina Oshchepkova, Market Codes Subject Manager

# **Network Codes are looking to achieve**

# Some specific benefits of Network Codes and Guidelines

TAR

- Develops cost-reflective and non-discriminatory tariffs to minimise cross-subsidies
- Transparency in tariff methodologies

CAM, CMP

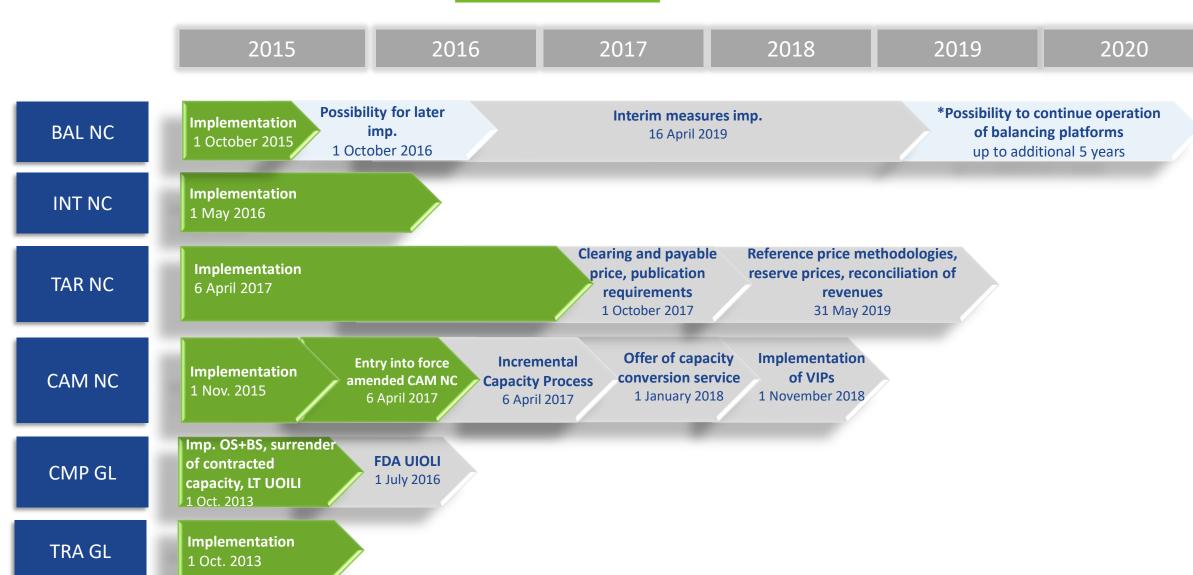

- Achieves harmonised auctions and bundled capacity products
- Avoid contractual congestion

BAL

Promote short-term markets and market-based harmonised balancing

# **Implementation of Network Codes and Guidelines**

# **ENTSOG's monitoring reports**

### For TAR NC

IMPLEMENTATION AND EFFECT
MONITORING OF THE
TARIFF NETWORK CODE

2020 EDITION

- Status at 1 October 2019
- Data from 2013 to 2019

# **Functionality process**

What

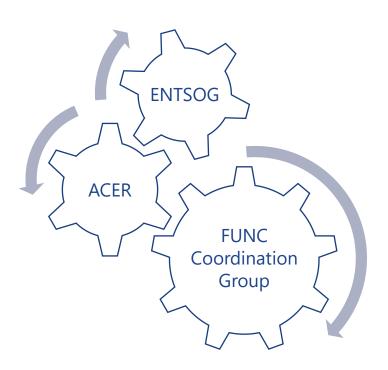

Coordinated mechanism of ACER and ENTSOG, supported by the EC

Why

Develop and propose an issue solution for issues relating to NC and GL

How

- 1. Collect issues via FUNC platform
- 2. Validate, categorise and prioritise issues
- 3. Develop, approve and publish proposed issue solution(s)

# Thank you for your attention
