

Press Release

ENTSOG publishes the CAM Network Code 'Capacity Auction Calendar' for 2021/2022

(Brussels, 21 January, PR0229-21) **The 'Auction Calendar' for 2021/2022, which contains information on specific capacity auctions, is now available on ENTSOG's website.**

The Network Code on Capacity Allocation Mechanisms requires ENTSOG to publish an Auction Calendar by each January for auctions taking place during March until February of the following year. This calendar provides all relevant timings for auctions, including starting dates and standard capacity products to which they apply.

Key auction dates for firm capacity are:

- Annual yearly capacity auction – 5 July 2021
- Annual quarterly capacity auctions – 2 August 2021, 2 November 2021, 7 February 2022 and 2 May 2022
- Rolling monthly capacity auctions – third Monday of M-1 with a couple of exceptions (29 June 2021 for monthly interruptible capacity auction and 14 February 2022 for firm capacity auction)
- Rolling day-ahead capacity auctions – D-1, 14:30 (UTC) during daylight saving time, 15:30 (UTC) during wintertime
- Within-day capacity auctions – each hour for the period starting from +4 hours until the end of the gas day

Dates for interruptible capacity auctions are also included and must be considered as the European standard defaults.

The Auction Calendar for 2021/2022 is available [here](#).

Should you require any further information please contact Carmel Carey (+32 2 894 5136, ENTSOG.Communications@entsog.eu).

Editorial notes

- > **European Network of Transmission System Operators for Gas (ENTSOG)** was founded on 1 December 2009 in line with Regulation (EC) 715/2009 to promote the completion of the internal market for gas by facilitating cooperation between national gas transmission system operators (TSOs) across Europe and in line with European Union energy goals. More information can be found on the ENTSOG website – www.entsog.eu. The current number of Members, Associated Partners and Observers can be found at www.entsog.eu/members.
