

Press Release

Registration for 4th edition of ENTSOG and the Florence School of Regulation Gas Network Codes online course ends this week

(Brussels, 8 February, PR0230-21) **ENTSOG and Florence School of Regulation (FSR) continues with the 4th edition of the EU gas Networks Codes (NCs) online training this year. Deadline for registration is 11 February 2021.**

This course was developed in partnership with FSR and promotes the regulatory knowledge of the gas NCs, to facilitate the understanding of their legislative background, design and implementation.

The course includes interactive learning, recorded interviews with ENTSOG and Transmission System Operators (TSOs), NC experts, group activities and interaction with NC specialists during live classes. To date, almost 250 participants from all over Europe, and further afield from Brazil, Russia and Egypt, have joined the course over the past three editions.

The following endorsement videos, developed at the launch of the course in 2018, outlines the importance of the EU Gas Network Codes as regulatory cornerstones of the EU Gas Market.

- [Alberto Pototschnig, former Director of Agency for the Cooperation of Energy Regulators \(ACER\)](#)
- [Klaus-Dieter Borchardt, former Deputy Director-General for Energy, EU Commission](#)

The first ‘Welcome class’ is scheduled for 25 February 2021. Course and registration details are available [here](#).

Editorial notes

European Network of Transmission System Operators for Gas (ENTSOG) was founded on 1 December 2009 in line with Regulation (EC) 715/2009 to promote the completion of the internal market for gas by facilitating cooperation between national gas transmission system operators (TSOs) across Europe and in line with European Union energy goals. More information can be found on the ENTSOG website – www.entsog.eu. The current number of Members, Associated Partners and Observers can be found at www.entsog.eu/members.
