

ENTSOG IS RECRUITING!

We are seeking a candidate for the ENTSOG System Development Team

SCENARIO ADVISER

THE ROLE OF ENTSOG

The role of ENTSOG is to facilitate and enhance cooperation between national gas transmission system operators (TSOs) across Europe to meet European Union energy and climate goals. Its objectives are to promote the completion of the internal market for gas and stimulate cross-border trade, ensure the efficient management and coordinated operation of the European gas network and facilitate the European network's sound technical evolution.

ENTSOG is comprised of seconded staff from its members as well as directly hired staff and therefore the organisation is constantly under dynamic change and ready to offer new opportunities. The ENTSOG staff currently consists of 40+ people of 18 different nationalities, a good gender balance and representing 11 companies, which provides a unique and challenging international working environment.

ABOUT YOUR ROLE AS SCENARIO ADVISER

You will be with the System Development team and take part to the development of energy scenarios to meet the Climate and Energy objectives of the European Union. The position requires adaptability and communication skills to work in collaboration with EU institutions, European associations and

external stakeholders in a challenging and rapidly developing EU energy environment. You will participate in shaping the future European gas system to meet the challenge of decarbonisation and in providing expertise to help key policy makers in the application and development of EU gas regulations.

SYSTEM DEVELOPMENT TEAM
