

## Press Release

# **ENTSOG opens stakeholder consultation on its Annual Work Programme (AWP) 2023**

(Brussels, 20 July, PR0277-22) **Today, ENTSOG launches a public consultation on its Annual Work Programme 2023. The feedback from stakeholders will contribute to defining the right priorities and identifying the most relevant projects for ENTSOG in 2023.**

Piotr Kuś, ENTSOG General Director, said, *“ENTSOG will undertake the work needed to facilitate the objectives of the RePowerEU Plan, which aims to reduce Europe’s dependence on Russian gas and accelerate the rollout of renewable gases. Planning ahead allows ENTSOG to ensure it has the necessary resources to continue providing robust security of supply assessments and facilitating stakeholder dialogue, among its other tasks.”*

The consultation starts today (20 July) and will be open until 6 September 2022.

The draft AWP 2023 document and the consultation feedback form are available on the ENTSOG website, [here](#).

### Editorial notes

- > **The European Network of Transmission System Operators for Gas (ENTSOG)** was founded in line with Regulation (EC) 715/2009 and has played a key role in facilitating integration of the European gas markets, ensuring technical interoperability and providing security of supply by gas infrastructure planning. Looking forward, ENTSOG is contributing to the net-zero decarbonisation by 2050, in particular, by the integration of renewable and low carbon gases via future-proof gas transmission pipelines, in line with the EU energy and climate goals. More information on ENTSOG can be found on our website – [www.entsog.eu](http://www.entsog.eu) or contact [info@entsog.eu](mailto:info@entsog.eu).
