- Good presentation, more dedicated workshops on the TP could be useful
- Congratulations on a very good and balanced workshop! It would have been nice to hear more about the ENTSOG views on EC proposal for amendments to REMIT, but as it was published yesterday a bit tight timeframe
- Nice overview, Anton's presentation gave the audience a practical use of transparency data. Thank you
- A lot of new Input to think about
- Very interesting to see so many different participants, good overview
- Quite useful overview, more operative demonstrations could be even more useful
- Very interesting overview
- Improvements to the TP still ongoing, which is good
- Very good overview of the usage of the TP Platform and the Dashboard, as well as the encouragement to ask questions - Thank you!
- Connection moment with TSOs and MPs

## Main takeaway from today's workshop (2/2)

- share of APIs in the chat shows that TP data has value for external users
- very helpful and informative, esp. as this was also offered as online event
- very good overview
- To be more often and shorter so to be more efficient
