

## Press Release

# **ENTSOG opens public stakeholder consultation on its Annual Work Programme (AWP) 2024**

(Brussels, 14 July, PR0297-23) **Today, ENTSOG launched a public consultation on its Annual Work Programme 2024 and is inviting stakeholders to contribute in defining the right priorities and to identify the most relevant projects for ENTSOG in 2024.**

Piotr Kuś, ENTSOG General Director, said, *“The ENTSOG team is prepared to undertake the tasks required within the upcoming regulatory framework of the Hydrogen and Decarbonised Gas Markets package, as it has done so effectively on all its tasks since its foundation in 2009. In the meantime, we plan to address the anticipated topics for 2024 of unbundling, tariffs, financing, guarantees of origin/certificates, gas quality and hydrogen, biomethane and CO<sub>2</sub> transport and handling, cybersecurity, as well as enabling security of supply and regional cooperation.”*

The consultation starts today (14 July) and will be open until 6 September 2023.

The draft AWP 2024 document and the consultation feedback questions are available on the ENTSOG website, [here](#).

### Editorial notes

- > **The European Network of Transmission System Operators for Gas (ENTSOG)** was founded in line with Regulation (EC) 715/2009 and has played a key role in facilitating integration of the European gas markets, ensuring technical interoperability and providing security of supply by gas infrastructure planning. Looking forward, ENTSOG is contributing to the net-zero decarbonisation by 2050, in particular, by the integration of renewable and low carbon gases via future-proof gas transmission pipelines, in line with the EU energy and climate goals. More information on ENTSOG can be found on our website – [www.entsog.eu](http://www.entsog.eu) or contact [info@entsog.eu](mailto:info@entsog.eu).
