FLUXYS | Grégory Duvivier

Q&A session

12.00 – 13.30 LUNCH BREAK

13.30 – 15.00 Hydrogen networks

- ***The Repurposing Report and first practical feedback from repurposing projects***
ENNOH | Nils Melcher
- ***Insights from the European Commission consultation on Hydrogen quality***
DNV | Johan Knijp
- ***EISMEA project H2Qual Net: Pre-normative research ongoing on H₂ quality***
CEN TC 234 | Hiltrud Schülken
- ***EASEE-gas – Development of Common Business Practice on Hydrogen impurities***
EASEE-Gas | Peter van Wesenbeeck
- ***Turning the tide: Navigating water content in Hydrogen specifications***
ENERGINET | Martin Bjørner

Q&A session

15.00 – 15.15 COFFEE BREAK

15.15 – 15.20 R&D Perspective from GERG

15.20 – 16.20 CCUS and CO₂ quality

Introduction by ENTSOG | David Gil

- ***Legislative initiative on CO₂ transportation infrastructure and markets – CO₂ quality aspects***
European Commission DG ENER | Zsuzsanna Szeles
- ***Development of CO₂ quality standards***
CEN TC474 WG1 | Jens Erfurth
- ***CO₂ quality from the cement industry's perspective***
Cement Europe | Nikos Nikolakakos

Q&A session

16.20 – 16.30 Conclusions
