

# ENTSOOG CAM Network Code

**Presented material**

**Frank Roessler**  
*Subject Manager*

ENTSOOG meeting – Brussels – 9<sup>th</sup> March 2011

## Remark

- *The presented slides on the launch documentation concepts were explained as non-public work in progress. The concepts are subject to ENTSOG approval and (as stated during the meeting) cannot be published at this point in time.*
- *The launch documentation is intended to be published on the 23<sup>rd</sup> of March 2011.*

# Content

1. Feedback of the consultation on General Project Plan
2. Role of active SJWS participants and Prime Movers

# Content

## 1. Feedback of the consultation on General Project Plan

# Project plan consultation feedback

- Preparatory work allowed for two weeks consultation
  - Late responses received have been treated to ensure maximum adherence to the process
- 34 stakeholder reactions received
  - All have been published, with ENTSOG view on each relevant comment
- General feeling from the consultation
  - Strong emphasis on stakeholder involvement is appreciated
  - Proposed balance between interactive code development and formal consultation supported
  - Planning considered credible given the tight time-scale

Stakeholders expressed support of the project plan

# Today's committed Level of involvement

6 Prime Movers

Participant	Name	Company
1	Friedrich von Burchard	E.ON Ruhrgas
2	Claude Mangin	GDF
3	Alex Barnes	Gazprom Marketing and Trading
4	Helen Stack	Centrica
5	Kees Bouwens	ExxonMobil
6	Maria Elena Fumagalli	SpA

Participant	Name	Company
1	Ralf Presse	RWE S&T
2	Mathieu Lanéelle	Total
3	Peter J. Zehetner	Tauerngasleitung
4	Valentin Höhn	VIK / IFIEC
5	Steinar Solheim	Yara / IFIEC
6	A.J. Algra	Gasterra
7	Francesca Zanella	Eni S.p.A
8	Andrew Pearce	BP
9	Mark Dalton	BG group
10	Dirk-Christof Stüdemann	EnBW
11	Bernardo RANGONI, Guiseppe Lorubio	Eurelectric
12	Margot Loudon	Eurogas
13	Martina Beitke	CEFIC
14	Lieven Stalmans	Borealis
15	Christian Thole, Carmen Gimeno	Geode
16	Gunnar Steck	E.ON Energy Trading
17	Christiane Sykes	Statoil
18	Manuel Coxé	EuroPEX

18 SJWS  
Members

# Specific remarks <sup>1/2</sup>

## Emphasis on stakeholders involvement

- Possibility to extensively meet with ENTSOG emphasised throughout the process
  - “Formal” SJWSs planned and bilateral sessions always welcomed
  - ENSTOG welcomes the continuous dialogue with all stakeholders
  - Timing must be considered to ensure fair and transparent treatment

## Impact of ACER parallel work on FG

- Visibility on potential impact of ACER work is requested
- ENTSOG has been commissioned to work based on ERGEG’s document
  - Assuming parallel ACER work will not introduce significant changes impacting the timely delivery of the NC
  - Should this be the case, process and timing will have to be revised
  - Issue is discussed with EC accordingly

# Specific remarks <sup>2/2</sup>

## **Comprehensive and equal treatment of voiced opinions**

- Stakeholders ask for a detailed analysis of their comments and a fair treatment regardless their respective market position
  - ENTSOG will treat all parties equally
  - Project foresees a consultation report with in depth analysis of the responses
  - Fairness also lies in the possibility to openly address contradictory opinions.  
This is best achieved as early as possible and during interactive design

## **Emphasis on stakeholders communication**

- Relevant material made timely, easily, transparently, accessible via the website
  - This is the objective of ENTSOG
  - Final plan will be amended to include a section on document management policy via the website

ENTSOEG > Capacity Co-ordination

[2008](#) [2009](#) [2010](#) [2011](#)

In September 2009 the European Commission has officially invited ERGEG to develop a Framework Guideline on Capacity Allocation. ENTSOEG is taking the steps towards the drafting of the Network Code on Capacity Allocation by fostering the dialogue between the Users, ERGEG and European Commission.

This website provides relevant information, documents (comprising position papers and consultation material) throughout all processes.

### ☐ CAM Network Code relevant documents

▶ ACER draft Framework Guideline on CAM (DFGC_2011G001)		3 Mar 2011		0.16 Mb
▶ Commission invitation to draft the CAM NC		27 Jan 2011		0.59 Mb
▶ ERGEG final revised Framework Guideline on CAM (E10-GWG-71-03)		7 Dec 2010		0.08 Mb

### ☐ CAM Network Code Project Plan

▶ Stakeholder meeting on responses and further work		9 Mar 2011		0.23 Mb
▶ ENTSOEG CAM Network Code General Project Plan (CAP0090-11)		9 Feb 2011		0.52 Mb
▶▶ Project Plan Consultation Responses		1 Mar 2011		0.21 Mb
▶ Guidelines on Stakeholder Engagement Process		3 Feb 2011		0.21 Mb

# Content

## 2. Role of active SJWS participants and Prime Movers

# Stakeholder involvement

## Market participant's commitment

- Engagement of the market is critical for the NC development

Level	Description	Comments
1 6	Prime Mover	Committed to work on a bilateral basis and dedicate a lot of resources to assist formulate and evaluate/refine ideas/proposals for SJWS consideration – commitment to be intensive and involving many days during intensive phases of the network code development
2 18	Active SJWS Participant	Expected to attend all SJWS and to read and review all material prior to meetings and to be prepared to explore detail within the SJWS – commitment of around 3 days per month during intensive period of activity
3 8	Consultation Respondent	Will respond to consultations
4 2	Inactive	Expected not to actively contribute to the development effort or to participate in the formal consultations

# Stakeholder involvement

## Active SJWS participants 1/2

- Expected to:
  - attend all SJWS
  - read and review all material prior to meetings
  - be prepared to explore detail within the SJWS”

Active participants should enable proposals to reflect a balanced assessment of the needs of the full range of stakeholders

# Stakeholder involvement

## Active SJWS participants 2/2

- Role:
  - To ensure high quality of draft network code
  - To ensure wide range of expert views as inputs
  - To come prepared to SJWS to engage, to listen and to inform best way forward
- Engagement
  - Commitment of around 3 days per month during intensive period of activity

# Stakeholder involvement

## Prime Movers 1/1

- Committed to
  - work on a bilateral basis
  - dedicate a lot of resources to assist formulate and evaluate/refine ideas/proposals for SJWS consideration
  - commitment to be intensive and involving many days during intensive phases of the network code development
  - Must provide industry wide perspectives on the subject matter
  - [Chattam House Rule]

Prime Movers must be committed to provide early views and feedback to enable high quality proposals for SJWS / network code given limited development time

# Stakeholder involvement

## Prime Movers 1/1

- Role: like active SJWS participants plus:
  - To provide a small team to engage additionally outside of the SJWS
  - To provide timely feedback to inform preparation for SJWS / network code
  - May act as contact points/communication channel for other stakeholders
- Engagement
  - > 3 days per month
