

# Business Requirement Specification for CAM & CMP - Public Consultation

#### **Consultation Response Sheet**

# **Purpose**

The Public Consultation gives stakeholders the opportunity to express their views about the Business Requirement Specification for CAM & CMP before ENTSOG's final approval and subsequent submission to EASEEgas for the Message Implementation Guideline development based on the Business Requirement Specification.

The Public Consultation is designed to support ENTSOG's creation process regarding the Business Requirement Specification CAM & CMP in order to develop Common Network Operation Tools in order to support the implementation and application of the mechanisms described in the NC CAM and the CMP Guidelines.

ENTSOG also hopes that the Public Consultation will help to continue the valuable dialogue with market participants regarding the overall process for developing Common Network Operation Tools.

## Stakeholder engagement requested

ENTSOG encourages stakeholders to participate in this process and to respond to this short questionnaire, in order to ensure the widest possible representation from the market.

BRS for CAM/CMP CAP0561-15 2 March 2015

### Instructions
