

Press Release

ENTSOG opens public stakeholder consultation on its Annual Work Programme (AWP) 2017

(PR0112, Brussels, 07 July 2016) Today ENTSOG launches a public consultation on its Annual Work Programme 2017. The feedback of stakeholders will contribute to both defining the right priorities and identifying the most relevant projects for ENTSOG. However, the ENTSOG activities for the year 2017 have to be in line with the Three Year Plan issued by the European Commission.

Jan Ingwersen, ENTSOG General Manager, said, *“AWP 2017 is oriented towards the support for the post-comitology process of the Tariff NC and the monitoring of the Capacity Allocation Methodologies (CAM NC), Balancing (BAL NC) and Interoperability (INT NC). AWP 2017 also focusses on other key activities such as public consultation of the fifth Ten-Year Network Development Plan (TYNDP 2017 – 2037), Summer Supply Outlook and Winter Supply Outlook as well as the further development of the Transparency Platform.”*

The consultation starts today (07 July) and will be open until 05 August 2016.

Both, the AWP 2017 (draft version) document and the consultation template are available [here](#).

Should you require any further information please contact Armin Teichert (+32 2 894 5140, media@entsog.eu).

Editorial notes

- > ENTSOG was founded on 1 December 2009 in line with Regulation (EC) 715/2009. The current number of Members, Associated Partners and Observers can be found [at this link](#).
- > In line with Articles 6, 7 and 8 of the Regulation (EC) 715/2009, ENTSOG has the task of formulating network codes in a number of areas and of adopting various communications: a non-binding community-wide Ten-Year Network Development Plan on biennial basis; Winter and Summer Supply Outlooks; common network operation tools; recommendations relating to the coordination of technical cooperation between community and third-country-TSOs; annual work programmes and annual reports.
